## UNLEASH YOUR CREATIVITY MAKER SPACE

Design Lab for Innovative Minds

The MakerSpace hosts multiple events like workshops, screenings and talks, introduce new ideas and skills to students in a short duration of time with hands on approach. It offers training and certification in latest prototyping equipment including laser cutter, 3D printers and CNC router machines. The MakerSpace also hosts national and international level competitions, design-build challenges and hackathons that expose students to the global maker movement. Being an interdisciplinary space of learning the MakerSpace allows student to work on real world projects with other students and faculty from different departments. It is also actively tied with industry and the startup ecosystem providing students regular interaction with experts. Projects built at the MakerSpace highlight students academic and non-academic capabilities, teamwork, leadership abilities, ingenuity and hard work.
