10TE81

Eighth Semester B.E. Degree Examination, July/August 2021
Optical Networking

Time: 3 hrs.

Max. Marks:100

Note: Answer any FIVE full questions.

- 1
 - a. With a suitable diagram, explain Telecommunication Network Architecture. (08 Marks)
 - b. Describe the Second generation Network Architecture. (08 Marks)
 - c. Explain briefly Optical Fibre, with a neat diagram. (04 Marks)
- 2
 - a. What is a Coupler? Explain the principle of Operation in a Coupler. (08 Marks)
 - b. What are the key characteristics for a Optical filter to be used in systems? (04 Marks)
 - c. Explain the structure of EDFA and its principle of operation. (08 Marks)
- 3
 - a. What are the main considerations in building large switches? (04 Marks)
 - b. Draw the structure of Vertical Cavity Surface Emitting Lasers. Explain its advantages and disadvantages. (06 Marks)
 - c. What is a Wavelength Converter? With the help of a neat diagram, explain the Optoelectronic approach of achieving wavelength conversion. (10 Marks)
- 4
 - a. Define Crosstalk. Discuss about the sources of Intrachannel and Interchannel crosstalk with a suitable diagram. (10 Marks)
 - b. How do a Chirped Fiber Bragg Grating Compensate chromatic dispersion? (06 Marks)
 - c. Write a short note on Cascaded Filters. (04 Marks)
- 5
 - a. List the benefits of SONET/SDH over PDH. (05 Marks)
 - b. Explain the header structure of ATM. (05 Marks)
 - c. Describe the elements of SONET/SDH infrastructure using a neat diagram. (10 Marks)
- 6
 - a. With a neat diagram, explain the role of optical add/drop multiplexers in a linear network. (10 Marks)
 - b. Schematically explain the three different light path topologies that can be deployed over a fiber ring. (10 Marks)
- 7
 - a. With the help of a neat figure describe how network management functions are implemented on a optical network. (10 Marks)
 - b. Explain Network Management functions. (05 Marks)
 - c. Briefly explain Alarm Management. (05 Marks)
- 8
 - a. Explain the architecture of a Access Network. (08 Marks)
 - b. Briefly explain functions of Routers. (04 Marks)
 - c. Explain Fiber to Curb (FTTC) transmission scheme. (08 Marks)

CMRIT LIBRARY
BANGALORE - 560 037

Important Note : 1. On completing your answers, compulsorily draw diagonal cross lines on the remaining blank pages.
 2. Any revealing of identification, appeal to evaluator and /or equations written eg, 42+8 = 50, will be treated as malpractice.
