Question Paper Version: A

Semester B.E./B.Tech. Degree Examination, Jan./Feb. 2023

Scientific Foundation of Health

[Max. Marks: 50

INSTRUCTIONS TO THE CANDIDATES

- 1. Answer all the fifty questions, each question carries one mark.
- 2. Use only Black ball point pen for writing / darkening the circles.
- 3. For each question, after selecting your answer, darken the appropriate circle corresponding to the same question number on the OMR sheet.
- 4. Darkening two circles for the same question makes the answer invalid.
- 5. Damaging/overwriting, using whiteners on the OMR sheets are strictly prohibited.
- 1. According to WHO health is
 - a) A state of body and mind in a balanced condition
 - b) The reflection of smiling face
 - c) The symbol of economic property
 - d) A state of complete physical, mental and social wellbeing not merely absence of disease
- 2. Psychosis is characterized by
 - a) Loss of touch with reality
 - b) Prolonged emotional reaction to a given stress
 - c) Anxiety, fear, sadness, vague aches and pains
 - d) All of these
- 3. Which year did the World Health Organization first express the right to health as a fundamental human right?
 - a) 1946

BANGALDIMNE hr.]

- b) 1952
- c) 1987
- d) 2000
- 4. Which of these things in health psychology concerned with?
 - a) What causes illness

- b) Who is responsible for illness
- c) How should illness be treated
- d) All of these
- 5. Which of these is not an example of health behaviour?
 - a) Regular exercise

b) Eating health food

c) Going to Jim

- d) Smoking
- 6. The benefits in eating a balanced diet
 - a) Good health

- b) Good mood and energy
- c) Improved health and reduced illness
- d) All of these

11. Which of the following food items provides dietary fibre a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 12. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these CMRIT LIBRA (A) All of these (B) Diabetes c) Flexibility d) Intelligence 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of of a) Stress b) Coping c) Bumout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfect. This is an instance of of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are				
8. In healthy diet as per WHO the amount of salt to be consumed by a person per day is a) Less than 5 g b) Less than 7 g c) Less than 10 g d) Less than 25 g 9. BMI stands for a) Body Material Index c) Body Mass Index d) Body Moving Index 10. Anorexia nervosa indicator? a) Nervous disorder b) Sleeping disorder c) Eating disorder d) Physical disorder a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 11. Which of the following food items provides dietary fibre a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 12. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m d) g/cm ² 14. The height of a person is 182 cm and weight 80 kg, What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these CMRT LIBRA PANGALORE - 560 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 55% d) 35% 18. Prashamth is showing physical, emotional and psychological exhaustion in his dai routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfect This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) Iraffic c) Finance d) Both (a) Both (a) and (b) 22. Which of the following are major nutrients in our food	7.	a) Anxiety		
a) Less than 5 g b) Less than 7 g c) Less than 10 g d) Less than 25 g 9. BMI stands for a) Body Material Index c) Body Mass Index d) Body Moving Index 10. Anorexia nervosa indicator? a) Nervous disorder b) Sleeping disorder c) Eating disorder d) Physical disorde 11. Which of the following food items provides dietary fibre a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 12. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 15.9 Burnout d) Resistance 18. Prashanth is showing physical, emotional and psychological exhaustion in his dai routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfect This is an instance of b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) Both (b) Both (c) and (c) Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) Both (b) Both (c) and (c) Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) Both (b) Both (c) Both (c) Finance		c) Mental disorder due to substance use	d) All of these	
a) Body Material Index c) Body Mass Index d) Body Mental Index d) Body Moving Index 10. Anorexia nervosa indicator? a) Nervous disorder b) Sleeping disorder c) Eating disorder d) Physical disorder a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 11. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 12. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these CMRIT LIBRA PANCALORE - 560 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Bumout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfect. This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) In feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) Both (b) Both (c) and (c) Both (d) Both (d) and (d) Both (e) and (e) Both	8.		alt to be consumed by a c) Less than 10 g	
a) Nervous disorder b) Sleeping disorder c) Eating disorder d) Physical disorder 11. Which of the following food items provides dietary fibre a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 12. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Bumout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfect This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) Internal pressure c) Finance d) Both (a) and (b) Taffic c) Finance d) Both (a) and (b) Taffic c) Finance d) Both (a) and (b) Taffic c) Finance d) Both (b) Both (a) and (b) and (b) Taffic c) Finance d) Both (b) Both (a) and (b) Control of the following are major nutrients in our food	9.	a) Body Material Index		
a) Pulses b) Whole grain c) Fruits and vegetables d) All of these 12. Which of the following are the characteristics of stress a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	10.		c) Eating disorder	d) Physical disorder
a) Racing heart b) Sweaty palms c) Flushed cheeks d) All of these 13. The formula used to calculate BMI is a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these	11.		dietary fibre c) Fruits and vegetable	es d) All of these
a) kg/m b) g/cm c) kg/m² d) g/cm² 14. The height of a person is 182 cm and weight 80 kg. What is the BMI of the person? a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease b) Diabetes c) Musculoskeletal disorder d) All of these CMRIT LIBRA BANGALORE - 560 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Bumout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	12.			d) All of these
a) 23.152 b) 24.152 c) 28.1 d) 32.1 15. Common health consequences of over weight and body obesity are a) Cardiovascular disease c) Musculoskeletal disorder 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance c) It motivates c) It motivates c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	13.	A CONTRACTOR OF THE PROPERTY O	c) kg/m ²	d) g/cm ²
a) Cardiovascular disease c) Musculoskeletal disorder d) All of these CMRIT LIBRA PANGALORE - 560 16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	14.	The height of a person is 182 cm and weigh a) 23.152 b) 24.152	t 80 kg. What is the BM c) 28.1	II of the person? d) 32.1
16. Which of the following is not included in the general physical fitness? a) Strength b) Endurance c) Flexibility d) Intelligence 17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b)	15.	a) Cardiovascular disease	b) Diabetes d) All of these	OMBIT LIBRAR
17. Consumption of total fat should not exceed of total energy. a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food		of Mascaloskolottal disorder		CANCAL ORE - 560 03
a) 20.5% b) 30% c) 25% d) 35% 18. Prashanth is showing physical, emotional and psychological exhaustion in his dair routine he is in the state of a) Stress b) Coping c) Burnout d) Resistance 19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	16.	Which of the following is not included in that a) Strength b) Endurance	e general physical fitne c) Flexibility	d) Intelligence
routine he is in the state of	17.		of total energy.	d) 35%
19. Dileep gets satisfaction only when he gets appreciation and does everything perfectly This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	18.	routine he is in the state of		
This is an instance of a) Social pressure b) Internal pressure c) Conflict d) Social stress 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food		a) Stress b) Coping	c) Burnout	d) Resistance
 20. The following are the characteristics of positive stress a) It improves performance b) It feels exciting c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food 	19.			
a) It improves performance b) It feels exciting d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food		a) Social pressure b) Internal pressure	c) Conflict	d) Social stress
c) It motivates d) All of these 21. Examples of environmental stresses are a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	20.			
a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food			d) All of these	
a) Weather b) Traffic c) Finance d) Both (a) and (b) 22. Which of the following are major nutrients in our food	21	Examples of environmental stresses are		
	41 .	to the state of th	c) Finance	d) Both (a) and (b)
	22.	an area and a second a second and a second a		als d) All of these

BSFHK158

			The same of the sa			
23.	a) Non verbal	tion includes tone of v b) Verbal	oice body language and c) Letter	facial expression. d) None of these		
24.	Anxiety, Depression, a) Mental	tiredness and loss of s b) Physical	self esteem ares	sign of illness. d) All of these		
25.	Which among the folal Bacteria	lowing are examples (b) Fungi	of pathogen? c) Virus	d) All of these		
				(4)		
26.	When international da) 26 th June	ay against drug abuse b) 12 th March	is celebrated? c) 14 th September	d) 1 st December		
27.	contain a sr protect them. a) Bacillus c) Mucar Saccharom		ode and a coat of protei b) Corona d) None of the above	n and a fat molecule to		
28.	Infections like gastrita) Bacteria	is, eye irritation, tuber b) Fungi	rculosis and pneumonia c) Virus	are caused by d) None of these		
29.	While taking to frien a) Written	ds you do not pay atte b) Oral	ntion to the skills of c) Audio	communication. d) Visual
