Answer:	A 40 07-																	

Answer:

The **socio-cultural environment** refers to the set of social and cultural factors that influence individuals, businesses, and societies. It includes values, beliefs, customs, traditions, attitudes, lifestyles, education, language, religion, and social norms that shape human interactions and decision-making.

(b) Discuss the objectives of Monetary policies.

[07]

CO6

L2

Answer:

- 1. Price Stability (Inflation & Deflation Control)
- 2. Economic Growth & Development
- 3. Employment Generation
- 4. Exchange Rate Stability
- 5. Control of Money Supply
- 6. Interest Rate Stability
- 7. Financial Inclusion & Credit Availability
- 8. Balance of Payments (BoP) Stability
- 9. Preventing Speculation & Asset Bubbles
- 10. Stability of the Banking & Financial System

(c) Analyse the pr	roblems and prospects of the private sector.	[10]	CO6	L4
--------------------	--	------	-----	----

Answer:

List of Problems and Prospects of the Private Sector Problems of the Private Sector

- 1. Regulatory Challenges
- Regulatory Chamenges
 Limited Access to Finance
- 3. Infrastructure Deficiencies
- 4. Competition from Public Sector & MNCs
- 5. Corruption & Bureaucracy
- 6. Labor Issues
- 7. Technological Lag
- 8. Market Uncertainty & Economic Instability
- 9. Environmental & Social Responsibilities

10. High Cost of Raw Materials

Prospects of the Private Sector

- 1. Economic Growth Driver
- 2. Innovation & Technology Adoption
- 3. Foreign Direct Investment (FDI) Opportunities
- 4. Entrepreneurship Growth
- 5. Public-Private Partnerships (PPPs)
- 6. Digital Transformation & E-Commerce Growth
- 7. Global Market Access
- 8. Improved Ease of Doing Business
- 9. Green & Sustainable Business Opportunities
- 10. Growing Consumer Demand

3 (a)	What do you mean by Liberalization?	[03]	CO6	T 1
) (u)	What do you mean by Elocianzation:	[03]	COU	Lı

Answer:

Liberalization refers to the process of reducing government restrictions and regulations in economic, trade, and business activities to encourage free-market policies, competition, and private sector growth. It involves the removal of barriers such as tariffs, quotas, and licensing requirements, allowing businesses and individuals more freedom in economic decision-making.

(b) Explain the benefits of the Production Linked Incentive (PLI).	[07]	CO6	L2
--	------	-----	----

Answer:

Boosts Domestic Manufacturing – Encourages local production, reducing reliance on imports.

Attracts Foreign Investment – Incentivizes global companies to set up manufacturing units in India.

Enhances Export Competitiveness – Strengthens India's position as a global manufacturing hub.

Generates Employment – Creates direct and indirect job opportunities in multiple sectors.

Promotes Innovation & Technology Adoption – Encourages R&D and advanced manufacturing techniques.

Reduces Trade Deficit – Increases domestic production, reducing the need for costly imports.

Encourages Sectoral Growth – Supports industries like electronics, pharmaceuticals, automobiles, and textiles.

Strengthens Supply Chains – Develops local supply chains, reducing dependency on foreign markets.

Improves MSME Participation – Small and medium enterprises benefit from increased demand and investment.

(c) N	New industrial policy 1991 has impacted the economy of India. Justify.	[10]	CO6	L4
		'		I

Answer:

1. Liberalization & Economic Growth

- 1. Removal of industrial licensing for most sectors.
- 2. Increased private sector participation.
- 3. Automatic approval for foreign investments.

2. Privatization & Reduced Government Control

- 4. Disinvestment in public sector enterprises (PSUs).
- 5. Expansion of private sector in banking, telecom, and infrastructure.
- 6. Increased competition leading to better quality products and services.

3. Globalization & Foreign Direct Investment (FDI)

- 7. Opening of Indian markets to foreign companies.
- 8. Surge in FDI inflows, especially in IT and manufacturing.
- 9. Integration with global supply chains.

4. Boost to Industrial & Service Sectors

- 10. Growth of IT and software services.
- 11. Expansion of manufacturing industries.
- 12. Rise of private banks and financial institutions.

5. Employment Generation & Entrepreneurial Growth

13. Creation of new job opportunities.

- 14. Growth of startups and MSMEs.
- 15. Development of a skilled workforce.

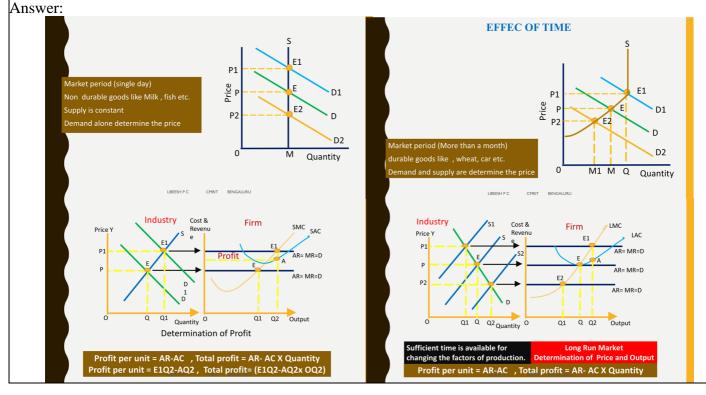

6. Inflation & Economic Stability

- 16. Market-driven reforms controlling inflation.
- 17. Better fiscal management and economic resilience.

7. Trade Expansion & Foreign Exchange Reserves

- 18. Growth of export-oriented industries.
- 19. Increase in foreign exchange reserves.
- 20. Strengthened rupee and reduced trade deficits.

Part B - Compulsory (01*10=10 marks) – CASE STUDY		
Metro Electric Ltd. is the only electricity provider in City X. Due to hig infrastructure costs and government licensing, no other firm can enter the market. This makes Metro Electric a monopoly, allowing it to control both the price and supply of electricity. Currently, the company charges ₹8 per unit of electricity and supplies 50 million units per month. However, due to increasing operational costs, the company decides to raise the price. Question Illustrate how the company can determine the price in the scenario.	CO5	L4

Course Outcomes (COs)		P01	PO2	P03	P04	P05	PSO1	PSO2	PSO3	PSO4
CO1:	The student will understand the application of Economic Principles in Management decision making.									
CO2:	The student will earn the microeconomic concepts and apply them for effective functioning of a Firm and Industry.									

CO3 :	The Student will be able to understand, assess and forecast the demand.					
CO4:	The student will apply the concepts of production and cost for optimization of production					
CO5:	The student will design competitive strategies like pricing, product differentiation etc. and marketing according to the market structure.	1a, 1c	1b	4	1a, 1b, 1c, 4	
CO6	The student will be able to understand the impact of macroeconomic concepts.	2a, 2b, 2c, 3c	3a, 3b			2a, 2b, 2c, 3a, 3b, 3c

Cognitive level	KEYWORDS					
L1 -	list, define, tell, describe, recite, recall, identify, show, label, tabulate, quote, name, who, when, where, etc.					
Remember	ist, define, tell, describe, feetic, feetil, identify, show, faber, fabulate, quote, fiame, who, where, etc.					
L2 -	describe, explain, paraphrase, restate, associate, contrast, summarize, differentiate interpret, discuss					
Understand	acsorroe, exprain, paraphrase, restate, associate, contrast, summarize, unferentiate interpret, discuss					
L3 - Apply	calculate, predict, apply, solve, illustrate, use, demonstrate, determine, model, experiment, show, examine, modify					
L4 - Analyze	classify, outline, break down, categorize, analyze, diagram, illustrate, infer, select
